

Testimonials

We became aware of the French Brittany at an exhibit at the 2007 State Fair, where we were fortunate to meet Don Rick. He described the attributes of the French Brittany which perfectly matched what we were looking for, i.e. family-friendly, medium size, smart and loving. We decided to purchase a 7 month old pup from Don rather than waiting for a puppy. We visited the kennel and were most impressed with how much they cared for their dogs. The kennel was very well maintained and the family was very engaged and fond of all the dogs. Don carefully asked what we wanted from a pet to be certain that our expectations would be met.

Cosi has met every expectation and has not been a disappointment! She is a great pet; we couldn't have imagined how affectionate she would be.

Everyone warned me that I would want a second French Brittany...and now I understand. I would highly recommend RCK Kennels.
